New Business for Discussion and Possible Action
Approve Zoning Variations property at 575 N Longmeadow Street.
Motion to accept hearing officer's findings of fact and recommendation
An Ordinance Granting a Zoning Variation for Property Located at 575 N Longmeadow St
Mayor Stokes introduced Anna Kurtzman, Zoning Administrator to the Board. Ms. Kurtzman reviewed the process of a zoning amendment asked if there were questions.
Trustee Fioretto reported that she lives next door to the property in question. Her question relates to the packet information. It states there should be an updated plat of survey to include the relocation of the shed. She stated she would like to see this prior to approval. She has issues with regard to a bus stop being on the corner and a six foot fence blocking the view of waiting children and there is no stop sign at the location.

Ms. Kurtzman reported that the shed application has been submitted showing it being located at an alternate location; the relocation does meet the ten foot (10') requirement from the house. They have shown that it will be at least five feet from the west property line and at least ten (10') from the northeast corner of the house. That application does qualify for zoning approval.

With regard to the fence the applicant provided all required documentation, the public hearing was held, the hearing officer conducted the hearing and provided the findings of fact and a recommendation with a condition that the six-foot high fence shall not encroach upon the side yards, either to the north or the south

any further than the dimensions shown on the proposed Site Plan attached to the application. With regard to the stop sign she reported this is not a zoning issue but a Public Works discussion.

Trustee Fioretto moved and Trustee Corson seconded a motion to accept the hearing officer's findings of fact. Motion carried.

Attorney Buick instructed the Board that abstentions are lawful and should be sparingly deployed and when there is a conflict of interest. Conflicts of interest generally imply financial interest in the circumstances.

Unfinished Business for Discussion and Possible Action
Discussion regarding residential trash pick up
Trustee Siewierski remarked there are so many trucks coming through the town they are tearing up the streets. This discussion will attempt to get to one vendor and make the service cheaper for everyone and hopefully get the services the residents are requesting. Mayor Stokes distributed other municipal trash contracts and/or ordinances that have been obtained for reference.
Why would the Board wish to pursue this discussion?

Pros	Cons
Reduce the amount of truck traffic on residential streets	Survey results were not in favor of one trash hauler
Eliminate trash at the curbs 4 days per week	Customers appear to be happy with their personal choices – Freedom of Choice
Require recycling and landscape pickup	Fixed income residents may not be able to pay for this service (currently some have shared accounts)

Would a resident have an opportunity to opt-out?
The mayor asked about licensing – waste hauler fees etc.
The next discussion will be June 22.

Comments/Concerns
Trustee Fioretto would like to try to get a stop sign at the end of Prairiefield. She asked if there is anything that can be done regarding maintenance of the park in Richland Trails. She was informed the park maintenance is a function of the Homeowners Association.

Trustee Haier asked whatever came of emails regarding the tot park at Nature's Crossing. Mayor Stokes reported that he had met with residents. The issue is quiet at this time. Mr. Haier reported that the McPhillips Park basketball courts are looking rough. He asked if it would it be possible to seal the courts to maintain them and reline the base and hoops.

Trustee Lanning reported a company policy of Dollar General is that they no longer allow public display of posters and flyers. He announced that August 1 is the dedication for the veteran's memorial at Suppeland Park. The new town flag displayed in the Town Hall will be the same as the one that will be flying at Suppeland Park.

President Report
Mayor Stokes reported that each year the company that built well #4 asks to bring guests for a tour of the facility. In the past they have brought people and then they cut a check of donation to the Town for the department. This year they brought many more people and Joel mentioned that the monies will be put toward the veteran's memorial. As a result of that comment, apparently the company made it known that this was being done. They are/will be requesting a photo opportunity and a check presentation.
