An Ordinance Amending Chapter 4: Pollution Control Facility Site Approval Procedures, Proposed update of Town Code
Trustee Siewierski moved and Trustee Robins seconded a motion to approve An Ordinance Amending Chapter 4: Pollution Control Facility Site Approval Procedures, Proposed update of Town Code.

Attorney Price provided examples of other communities that were not prepared, and had not adopted provisions for procedures concerning the siting process for a pollution control facility in their municipality.
In recognition of recent developments in the solid waste industry the proposed update to the Town Code is driven by statute that allows the Town to be proactive by putting in place procedures prior to any application being filed with the Town if it’s officially approached. A unanimous roll call vote carried the motion. Ord No 2018-03

Mr. George Caravelli, Owner of Worthington Properties, Ltd. asked that he be able to present his plans for Robinson Farm Unit 2.

Mr. Caravelli stated that he is proposing changes to Robinson Farm PUD Unit 2 consisting of altering the housing type from 17 single family homes and 41 townhomes to 45 townhomes, altering the direction of the townhome buildings from facing alleys or public streets to facing each other, and the sides of the buildings facing the streets having window elements and landscaping, creating friendlier neighborhoods. The other proposed changes include modifying the front to front building setback distance from 30 to 28 feet, and reducing the driveway length from 20 to 18 feet. Trustee Fioretto asked about extra parking spaces for guests. Mr. Caravelli stated that the extra spaces are for piling snow and will intentionally not be long enough to accommodate guest parking as residents closest to these spaces tend to think of them as theirs.
